DETAILED ACTION

Allowable Subject Matter

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: The closest art known to the Examiner is listed on the attached PTO-892 and IDS forms. None of the references or combinations thereof disclose or suggest repeating the exposing process across the wafer, such that the pattern is repeatedly printed across the wafer, wherein the process of repeating the exposing process *erases the alignment mark* from portions of the wafer where the pattern was previously exposed. Therefore, the present Claims are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
